

# **Detroit Nonprofit Day: Life Cycle of a Successful Grant**

## **Workshop Description and Facilitator Information**

### **Workshop Description**

Your nonprofit can exert more control over grants outcomes, building resilience and recovery. Attendees will learn tips to maximize their organization's grants success. A successful grants initiative involves the entire organization to thrive. Use grants to draw your nonprofit colleagues together toward the mission. We will discuss winning techniques for LOIs, budgets, and applications. Get organized and view an AirTable Grants Tracker example to keep track of due dates, reporting requirements, research, and stewardship.

### **About the Facilitator**

#### **Pam Debono**

Co-Founder, Consultant, Grant Writer, Analytics Expert

Pam started in manufacturing and segued into the nonprofit industry for the past 20 years. Her passion and strength lies in organizing development work and telling compelling stories that engage donors. Pam loves the intersection of storytelling with mission and is able to engage donors and funders with her writing to achieve financial success for nonprofits. Pam is also an expert at CRM, AirTable, grant tracking and project management. Her goal is to make all aspects of philanthropy work in unison.
